## ERASMUS+ PROJECTS

We have supported a range of Erasmus+ projects in shaping and delivering their communication strategies, creating visual identities, creative assets and social media campaigns designed to showcase their objectives, achievements and local impact.

From creative concept development to content production, we have transformed educational, cultural and social themes into engaging and accessible narratives, helping to strengthen project visibility and foster meaningful dialogue with their target audiences.

Below is a selection of Erasmus+ projects for which we developed the creative communication strategy and managed digital promotion activities.

**GreenCitizens**

**Multimedia Education and AI Integration**

**Reimagine Distance Learning**

**EMPLOY.M.E.N.T.** – EMPLOY Myself Enhancing My Natural Talent

**CIRCLE** – Circular Economy in Graphic Design
